15th Annual Meeting

Asia Oceania Geosciences Society

03-08 Jun 2018 Honolulu, Hawaii

Aloha

ABOUT AOGS

Asia Oceania Geosciences Society (AOGS) was established in 2003 to promote geosciences and its application for the benefit of humanity. Recognizing that the Asia-Oceania region is particularly vulnerable to natural hazards, AOGS is deeply involved in addressing such hazard-related issues via scientific, social and technical approaches. Annually, AOGS holds meetings to provide opportunities for geo-scientific discussion and knowledge exchange among academic, research and public institutions.

As of 2017, AOGS has placed annual meetings in Bangkok, Beijing, Brisbane, Busan, Hyderabad, Sapporo, Singapore and Taipei. The 2018 Annual Meeting of the AOGS (AOGS2018) will be held in Hawaii from 03 – 08 June 2018 at the Hawaii Convention Center. As usual, the AOGS Exhibition or “GEOMEET” remains the main accompanying event.

WHY EXHIBIT AT AOGS2018?

Every year we challenge the status quo. We believe in thinking differently to return our exhibitors a value. We do so by arranging the booths so every exhibit is visible and accessible and creating activities that generates exhibitor-visitor interaction.

In AOGS2017, we introduced the very well-received “Innovation Theatre”.

The “Innovation Theatre” is a complimentary presentation for AOGS attendees to watch some of our Exhibitors and Sponsors showcase their products and services. It is the platform for products launches and where Speakers share knowledge about crucial developments in their products.

According to the Exhibitors -

“It was a great way to build awareness of our products, and improve the name recognition of our company.”

The Innovation Theatre will be back for AOGS2018!

More slots have also been added for meeting popular demand.

So confirm your exhibition booking early and reserve an Innovation Theatre slot!

Want to be an Exhibitor/Sponsor at AOGS2018? Email us at geomeet@asiaoceania.org

EXHIBITION PROGRAM

Sun-Fri | 03-08 June 2018 @ **Hawaii Convention Center (Kalakaua Ballroom)**
